

HEARING PROTECTION

02

Bilsom 304L Foamplug

Product Specification

- Reference : 10 001 06
- Product Type : Hearing Protection
- Range : Earplugs
- Line : Disposable Earplugs
- Brand : Howard Leight by Honeywell
- Brand : BILSOM

Technical Description

- SNR (dB) : 33
- H (dB) : 32
- M (dB) : 29
- L (dB) : 29
- Size : Regular
- Color : Yellow and white
- Shape : bullet
- Corded : Yes
- Weight (grs) : 0.48

1000106

Industry

Administration, Agriculture, Army - Defence, ATEX environment, Automotive and Part Manufacturer, Aviation, Building and Construction, Catering Chemical Industries, Energy or Electricity, Fire Protection, brigades, Fishing Food Industries, Foundry Glass Industries, Green Spaces, Homeland defense, Industrial Cleaning, Iron and steel industry, Laboratory, Logistics Maintenance, Medical and Pharmaceutical, Metal steel Mining and Quarrying, Offshore Paper Industries, Petro-chemical, Printing Industries, Services, Ship Building, Telecoms, Textile Industries, Transportation Utilities, Water treatment, Welding Wood Industries

Feature

POLYURETHANE FOAM Soft foam delivers superior long-wearing comfort and solid performance. SMOOTH, SOIL-RESISTANT SKIN Prevents dirt or other substances from accumulating on skin or entering ear canal.

Benefit

The Bilsom 300 Series earplugs are ideal for workers who need to block out loud noise and demand the best protection and comfort available in an earplug. Europe most-used polyurethane earplug, the 300 series earplug, offers superior noise-blocking performance in a single-use earplug.

Certification

EC Category PPE-2
Quality Assurance: ISO 9001 / 2000
EC Certificate Number: 941057
EC Attestation Number: 9404815

Bilsom 304L-I Disposable Foam Ear Plugs Corded

Product Specification

- Reference : 10 001 06i
- Product Type : Hearing Protection
- Application : Noise Reduction
- Range : Earplugs
- Line : Disposable Earplugs

Technical :

- NRR 29 dB
- Approval : ANSI

1000106i

Product Description

- Tapered design for more personalized fit.
- Light yellow and white strip gives visible protection and better hygiene.
- Polyurethane foam that feels softer in both your hand and in your ear.
- Easy to roll-down till the end and insert properly.
- Resist tendency to back-out of the ear canal.
- Less expansion pressure for long-term comfort.
- Smooth, soil-resistant skin prevents dirt build-up on earplugs.
- Punched in thread is soft on the fingers while rolling, offers high pull strength and durability.

Industry

Administration, Agriculture ,Army - Defence, ATEX environment, Automotive and Part Manufacturer, Aviation, Building and Construction, Catering Chemical Industries, Energy or Electricity, Fire Protection, brigades, Fishing Food Industries, Foundry Glass Industries, Green Spaces, Homeland defense, Industrial Cleaning, Iron and steel industry, Laboratory, Logistics Maintenance, Medical and Pharmaceutical, Metal steel Mining and Quarrying, Offshore Paper Industries, Petro-chemical, Printing Industries, Services, Ship Building, Telecoms, Textile Industries, Transportation Utilities, Water treatment, Welding Wood Industries

Feature

- Polyurethane Foam Soft foam delivers superior long-wearing comfort and solid performance.
- Smooth , Soil-Resistant Skin Prevents dirt or other substances from accumulating on skin or entering ear canal.
- Corded with non-skin irritant polyester thread makes earplugs easy to wear and carry around

BILSOM 303L Foamplug Refill 200prs

Maintenance

Storage Information

All earplugs should be stored before and between usages in a way that protects them from dirt, grease, and other contaminants.

Care Instructions

Disposable earplugs are made of either TPE (Thermoplastic elastomers) or polyurethane BILSOM 303L Foamplug Refill 200prs - 1006186 foam. Washing and cleaning of disposable earplugs are not recommended. These plugs must be disposed of and replaced after each wearing. Excessive moisture reduces the attenuation and slows down the foam recovery which may lead to improper fit.

Smart Fit Multiple-Use Earplug

Product Specification

- Color Orange : Shape 3 Flange
- Material TPE : Packaging Options HearPack
- Cord Options : Detachable Nylon Cord
- NRR 25 : Canada Class A(L)
- SNR 30 : SLC80 20 dB / Class 3

SMF-30

Recommended Industries/Use

Agriculture, Chemical, Construction, Fire Protection, Forestry, Government, Law Enforcement, Manufacturing, Medical, Military, Mining, Municipal Services, Oil and Gas, Pharmaceutical, Steel and Metals, Transportation, Utilities, Welding, Wind Energy, Hazards, Noise

Key Features

- Patented Conforming Material Technology uses body heat to adapt to the individual shape of each wearer's ear canal
- Delivers superior comfort and a truly individual fit
- Simplifies inventory control – a single product fits almost every wearer
- Detachable cord system and HearPack storage case

Training & Proper Use

- While holding the stem, reach a hand over your head and gently pull top of your ear up and back.
- Insert the earplug so all flanges are well inside your ear canal.
- If properly fitted, the tip of the earplug stem may be visible to someone looking at you from the front.
- Proper Fit – If either or both earplugs do not seem to be fitted properly, remove the earplug and reinsert.
- Removal – Gently twist earplug while slowly pulling in an outward motion for removal.
- Acoustical Check – In a noisy environment, with earplugs inserted, cup your hands over your ears and release. Earplugs should block enough noise so that covering your ears with your hands should not result in a significant noise difference.

Care + Maintenance

- INSPECT – Prior to fitting, examine your earplugs for dirt, damage, deformation or extreme hardness—discard immediately if compromised.
- CLEAN – Wash Multiple-Use earplugs with mild soap and warm water only. Pat dry with a towel and store in a case when not in use. Do not treat with any other substances, as the earplugs may degrade and compromise use.
- HYGIENE – With proper maintenance, Multiple-Use earplugs can last for 2-4 weeks.

Certifications

- European Directives – 89/686/EEC
- EC Category PPE – Category II
- Standards – EN 352-2:2002
- EC Certification Number – 1134
- EC Attestation Number – 030649; 040809 & 040950
- Laboratory – INSPEC

AUS Certifications

- Standardsmark License #1133/1

CONIC DISPLAY
