ABS. LDPE headband.

## **Universal Dielectric Face Shield Holder**

DeltaPlus VISORU

Dielectric faceshield holder suitable for safety  
helmets and visors.

## Faceshield with Front Protection

DeltaPlus BARRIER2

Helmet for electric arc welding with self-obscuring screen. Can be used for MIG, MAG, TIG and plasma welding requiring 9 to 13 shade protection. Can be used in shade 5 to 9 for low intensity or flame welding. Can be used for grinding in shade 4.

Helmet: Polyamide.  
Filter: LCD.

## Faceshield with Front Protection

DeltaPlus BARRIER2

Polycarbonate injected visor. Thickness 1,9/2,0 mm. Universal fixing. Suitable for faceshield holder VISOR HOLDER, VISOR-H, VISOR-U. 39 x 20 cm. Polycarbonate.

### **FEATURES AND BENEFITS**

- Anti-scratch
- Increased lifespan
- Spherical visor
- Extra large field of vision
- Injected polycarbonate
- Maximum impact resistance

## **Face Shield Headgear**

F400+4178CL

Honeywell : F400 face shield Headgear with 4178 CL Face shield Window – Clear for Grinding Application

Fibre-Metal Noryl Cap Mount Adapter with 4 inches crown headband extends the security without increasing weight and suits easily on the required spectacles or respirators. Adapter integrates a wide vision 8 inches X 17 inches windows and screens that offers 40% more protective area and features a slot/pin mechanism with locking cams. The channel grip system mounts windows and grips them in place in a deep recessed channel to secure from dirt and debris. This free floating headgear resists heat and offers durability.

### **Feature & Benefits:**

- Dimensions 8" x 17"
- Molded beaded edge (on 4178 window) eliminates sharp, rough or unfinished edges
- 0.60 thickness provides extra margin of protection
- Channel grip system
- Slot/Pin mechanism with locking cams
- Free floating headgear
- Suspension can be removed to accommodate a range of Fiber-Metal attachment systems
- Crowns made of advanced, heat-resistant Noryl material

### **APPROVAL**

ANSI and CSA Standards. Honeywell F400 Crown Series Faceshield Headgear. Made from Noryl,<sup>®</sup> the same material used in our welding helmets, High Performance faceshields are stronger, more durable and more heat resistant than ordinary faceshields.
