

A KNIFE IS FOR CUTTING.
WHY SHOULDN'T
IT ALSO BE SAFE?

martor

MARTOR Safety German Technologies

SECUMAX
 Concealed blade =
 Maximum safety

The blade is not open rather concealed, shielded from both people and goods alike. Giving you a maximum degree of safety from cut injuries whilst cleverly protecting your goods.

SECUMAX 350

SECUMAX 145

SECUPRO
 Fully automatic blade retraction =
 Very high safety

The intelligent cutting tool: as soon as the blade leaves the cutting material, it withdraws automatically into the handle - without you having to do anything. That's what we call "a very high degree of safety".

SECUPRO 625

SECUPRO MARTEGO

SECUNORM
 Automatic blade retraction =
 High safety

Thumbs up for a high degree of safety. As soon as you start cutting, remove your thumb from the slider and the blade will disappear into the handle the moment it loses contact with the material being cut.

SECUNORM 380

SECUNORM 175

Further benefits from MARTOR

Practical accessories

Accessories also contribute to active workplace safety: such as holsters for safe transport and robust containers for blade disposal.

High Quality Blades

Our high quality blades are sharp, break-resistant, have long service lives and often rounded tips as an added safety feature.

Saurya policy is one of continuous technical and ergonomic improvement. The specifications contained in this document may be changed without prior notification.
